

Growlush is now selling this Propagation Kit

Including Heat Mat, Water Tray, 72-cell Plant Seeding Tray and Plant Dome

This C-tick waterproof heated mat is ideal to cradle your fragile clippings and seedlings in protective warmth. Get started quickly with your own growing media and plugs or purchase them separately for a complete system setup. The heat mat never gets too hot that it'll scorch your plants and even comes with instructions printed right on the mat. Plug in and feel the heat!

PRODUCT FEATURES

- 7" (178mm) dome for growing bigger and taller starts
- Increases germination success
- Better humidity control for optimum growth
- 72-cell seeding tray
- 260x520mm watertight base tray
- Heat mat 18 watts, 220-240 volt
